## Technological compromise

## ABOUT US

Since 1979, we have a really high compromise with our customers and partners, becoming a partnership relationship between us. Create trust is nowadays one of the most difficult issues to achieve in this particular market.

We have been a partner of Rosa Ermando SpA and Favretto Srl in a period before, and now since 2024, at that second stage, we have started again our nice relationship, never lost.

## KEY STRENGTHS

- Experienced technical support and quick response.
- Deep knowledge of the industrial market.
- Active sales network organized by CRM.

## NOTABLE PROJECTS / EXPERIENCE

- High accuracy flatness demands with a Silver machine at Customer:
  - Hnos. HUERTAS CASTELLANOS
  - MATRIX, S.L.With excellent results.
- Technical and commercial support in partnership with Balance system.
- Participation in local and international trade fairs (BIEMH, INDUSTRY LIVE, GRINDING HUB, EMO...)
