Swedish | English**We strengthen Swedish industry by making our customers winners****ABOUT US**

With over a century in the industry, Mekana has played a crucial role in supporting the Swedish engineering industry. Our journey has been marked by change and growth, and our solid experience has given us a deep understanding of our customers' needs. Over the decades, we have accumulated knowledge on everything from machine tools to service, training and spare parts.

KEY STRENGTHS

- Fast response and dedicated technical support
- Two big showrooms/Demo
- Well-established and active sales network

NOTABLE PROJECTS / EXPERIENCE

- We provide turn key solutions for turning/milling/grinding.
- Participation in local and international trade fairs and arranging yearly open houses.
